**REP. SHEVRIN JONES AND REP. JARED MOSKOWITZ
HELP BUILD LIBERTY CITY PLAYGROUND**

MIAMI, Fla., April 2 – State Representatives Shevrin Jones (D-West Park) and Jared Moskowitz (D-Coral Springs), along with the Church of the Open Door, will be constructing a new playground on Saturday, April 6, at the future site of S.T.E.A.M (science, technology, engineering, arts and mathematics) Academy for Early Learners at the Church of the Open Door, located at 6001 NW 8th Ave, Miami, FL 33127.

“The new playground will provide hundreds of children in the Liberty City community with a safe place to play, which will be essential to their growth and development” said Jones.

The park is a necessity for the local area because the children currently do not have access to a public playground. The design for the playground is based on drawings created by children who participated in a Design Day event in February. The community-built playground is a breakthrough play space concept designed by architect David Rockwell to encourage child-directed, unstructured free play.

“It’s essential for us to come together from all parts of the state to ensure we are leaving our community a better place than we found it,” said Moskowitz.

Representatives Jones and Moskowitz will be joined by more than 200 volunteers and residents of the Liberty City community in this great effort.
